Used in compiling material for Randall Carlsons' Sacred Geometry Courses

The material from which I have drawn for my Sacred Geometry programs over the years is vast and varied. The following list of books represents most of the works consulted or utilized and in itself provides a fairly comprehensive reading list for those wishing to immerse themselves deeply into the subject of Sacred Geometry.

Achad, Frater (1925) **Anatomy of the Body of God:** Reprinted by Samuel Weiser, Inc. 1969

Adam, James (1891) **The Nuptial Number of Plato:** Thorsens Publishers Limited, Republished 1985

Andrews, W. S. (1917) **Magic Squares and Cubes:** Republished by Dover Publications, Inc. in 1960
